Closing Remarks

You can impact the future of KESW

We want **your** feedback to make future KESWs better

You can contact us **any** time you want

Publishing at KESW

We've been trying to **grow** the Semantic Web community

But there's a lot of room for improvement!

Questions for **everyone**

- ▶ how can we make KESW more attractive for people?
- ▶ **which** people? Who should we target?
- ▶ while keeping KESW diverse and international

Participation

Related to publication issues but separate:

- ▶ A few people seem to care **only** about publication but **not** participation.
- ▶ Very few people would participate **without** having an accepted paper

We need to improve on both fronts!

Lots of ways to contribute without a paper in the proceedings

- ▶ Posters
- ▶ Position papers
- ▶ Ad hoc discussions, e.g. round tables, meetups, panels
- ▶ Feel free to suggest sub-events!

KESW 2016

Planning starts **today**

How **you** can help

- ▶ Provide feedback on KESW 2015
- ▶ Suggest locations (think what makes a good location)
- ▶ Write a paper!
... or think about **alternative** contributions
- ▶ Spread the word
- ▶ Encourage your (graduate) students
