

Pavel Klinov

6 International Conference on Knowledge  
Engineering and the Semantic Web (KESW 2015)

Welcome introduction

## KESW: what it is (or meant to be)

KESW is a **friendly** event for people interested in **anything** relevant to **semantics**

## KESW: what it is (or meant to be)

KESW is a **friendly** event for people interested in **anything** relevant to **semantics**

- ▶ suitable for groups underrepresented at major semtech conferences (**ISWC** and **ESWC**)
  - ▶ researchers from Russia, Northern and Eastern Europe, etc.
  - ▶ researchers outside of established research groups

## KESW: what it is (or meant to be)

KESW is a **friendly** event for people interested in **anything** relevant to **semantics**

- ▶ suitable for groups underrepresented at major semtech conferences (**ISWC** and **ESWC**)
  - ▶ researchers from Russia, Northern and Eastern Europe, etc.
  - ▶ researchers outside of established research groups
- ▶ but is **not** a workshop!
  - ▶ broad in scope
  - ▶ conference-style reviewing and proceedings (Springer CCIS)
  - ▶ inclusive but papers do get rejected

## KESW: what it is (or meant to be)

KESW is a **friendly** event for people interested in **anything** relevant to **semantics**

- ▶ suitable for groups underrepresented at major semtech conferences (**ISWC** and **ESWC**)
  - ▶ researchers from Russia, Northern and Eastern Europe, etc.
  - ▶ researchers outside of established research groups
- ▶ but is **not** a workshop!
  - ▶ broad in scope
  - ▶ conference-style reviewing and proceedings (Springer CCIS)
  - ▶ inclusive but papers do get rejected
- ▶ goes back to 2010 (**first** semtech conference in ex-USSR!)

## Program at a glance

Up-to-date version online: <http://2015.kesw.ru/program/>

Twitter: @keswconference, #kesw2015

Three keynote talks, start 9:00 AM

**Sep 30** Markus Stocker, University of Eastern Finland  
Knowledge-based environmental research  
infrastructure with Semantic Web technologies

**Oct 1** Erik Wilde, Siemens Berkeley, USA  
What Web of Things means for the Web

**Oct 2** Yuliya Tikhokhod, Yandex, Russia  
Machine readable semantic data right from content  
owner is a beautiful thing for Semantic Web world

Knowledge-based environmental research  
infrastructure with Semantic Web technologies

**Oct 1** Erik Wilde, Siemens Berkeley, USA  
What Web of Things means for the Web

**Oct 2** ~~Yuliya Tikhokhod, Yandex, Russia~~  
~~Machine-readable semantic data right from content~~  
~~owner is a beautiful thing for Semantic Web world~~

## Program at a glance

**Up-to-date** version online: <http://2015.kesw.ru/program/>

Twitter: @keswconference, #kesw2015

23 **full** (20–25 min) presentations of research papers and system descriptions

9 **flash** talks announcing posters and position papers (still room for that!)

Poster session (tomorrow 15:20)

Open Science, Data, and Education (tomorrow 16:30)

**Awards** and closing

## Best papers

### Top Three Papers:

- ▶ Efthymios Chondrogiannis, Vassiliki Andronikou, Efstathios Karanastasis and Theodora Varvarigou. An Advanced Query and Result Rewriting Mechanism for Information Retrieval Purposes from RDF Datasources
- ▶ Claudia Bretschneider, Sonja Zillner and Heiner Oberkampfh. UIMA2LOD: Integrating UIMA Text Annotations into the Linked Open Data Cloud
- ▶ Mikhail Galkin, Dmitry Mouromtsev and Sören Auer. Identifying Web Tables: Supporting a Neglected Type of Content on the Web

First, second, and third places will be announced at closing
